

Abdulaziz Abdulrahman Boshi

Architecture Engineering & Management

OBJECTIVE

My objective is to exhibit my skills as an architectural engineering and an effective team in environmentally sustainable projects. A person who can be able to adapt to all conditions of work, I have a great ability to plan and to create aesthetic and high-end functional buildings and able to use the technological aspects and integrated design of environmental systems, structural systems, behavior, and properties of building components and materials, and project management.
